Vibin Sebastian Antony N

Software Developer

With three years of experience in the IT sector, I have developed a robust skill set in both development and testing. In my previous role, I contributed to the development of features by writing efficient code and crafting scripts for automation testing, including UI, API, and functional testing. Currently, I am seeking opportunities to leverage my skills and experience to address business challenges and drive impactful solutions in a dynamic and forward-thinking environment.

WORK EXPERIENCE

Junior Software Developer
Egnyte

06/2022 - 06/2024   *Remote*

In my first project, served as a Backend Developer, where I developed complex regular expressions to identify and analyze sensitive data, providing actionable insights to clients. I performed rigorous validation of the extracted data using specific algorithms and patterns to ensure accuracy and minimize false positives. Additionally, I developed and executed unit testing scripts to verify functionality and conducted thorough testing in various environments to ensure robust performance. In my second project, acted as both a Manual and Automation Tester for a migration application. I created and implemented automated scripts to test UI functionality, API interactions, and overall system functionality. I was also responsible for performing release-related tasks, ensuring smooth deployment and integration of the application.

Software Engineer
Accenture

03/2021 - 06/2022   *Bengaluru*

Served as a PeopleSoft Developer, specializing in the development and management of SQL queries to extract and analyze customer-requested data. Worked extensively with the Travel & Expense and Project Costing modules, effectively resolving tickets and handling escalations related to these areas. Developed and maintained scripts for generating comprehensive reports on a daily and monthly basis, ensuring accurate and timely delivery of critical business insights.

EDUCATION

Bachelors of Engineering
Bangalore Institute of Technology

07/2017 - 08/2020   *7.4 CGPA*

Courses
- Electronics and Communication

Diploma
S.J.E.S Polytechnic
