SUMMARY

Java Spring Boot Developer with 3+ years of experience building scalable backend systems using Java, Spring Boot, Kafka and microservices architecture. Skilled in developing secure RESTful APIs, optimizing MySQL databases, and delivering robust solutions in Agile environments. Experienced in end-to-end development and supporting QA through automation for UI, API, and functional testing.

WORK EXPERIENCE

Junior Software Engineer | Egnyte **June 2022 - June 2024**

- Developed RESTful APIs using Java, Spring Boot, Spring Data JPA, and Spring Security, following established design patterns such as Singleton, DTO, and centralized exception handling.
- Engineered complex regular expressions to detect and analyze sensitive data, providing clients with actionable insights.
- Collaborated with solution architects to refine low-level designs (LLDs) and proactively resolved 15+ edge-case bugs prior to deployment.
- Wrote 50+ unit tests using JUnit and Mockito, raising code coverage to 95%.
- Crafted optimized, custom SQL queries to meet specific business requirements and enhance application performance.
- Performed manual testing and worked closely with the QA team to develop automated test suites for UI validation using Selenium and API testing using TestNG.
- Managed release-related tasks, ensuring seamless deployment and integration of the application, maintaining smooth operational workflows.

Associate Software Engineer | Accenture **Mar 2021 - June 2022**

- Specialized in developing and managing SQL queries to extract and analyze customer-requested data, enhancing data-driven decision-making.
- Worked extensively with the Travel & Expense and Project Costing modules, effectively resolving support tickets and managing escalations to ensure optimal system performance.
- Developed and maintained automated scripts for generating comprehensive daily and monthly reports, ensuring the accurate and timely delivery of critical business insights.

EDUCATION

Bachelor of Engineering (Electronics & Communication) – **CGPA**: 7.43
Bangalore Institute of Technology – VTU | Aug 2017 – Aug 2020

Diploma in Electronics & Communication – **Score**: 80%
S.J.E.S Polytechnic – DTE | Aug 2014 – Mar 2017

TECHNICAL SKILLS

- **Core Skills:** Java | JDBC | Spring Core | Spring MVC | Spring Boot | Restful Web Services | Spring Data JPA | Spring Boot Microservices | Spring AOP | Spring Security | MySQL | Kafka | Docker | Redis | Junit | TestNG | Selenium | Python.
- **Tools:** Git, Gitlab, Jira, Firestore DB, Kibana, Grafana, Confluence, Jenkins, Postman, Linux, Intellij, VS Code, PyCharm.
- **Languages:** English, Malayalam, Kannada, Tamil, Hindi
- **Certifications:** Certificate of Excellence in Python - Coding Ninjas
  Multiple course completion certification for development & testing from Udemy
